In the mountains of North Georgia, there is a World Class destination garden just waiting to be discovered. **Gibbs Gardens**, located in Ball Ground, Georgia, includes 220 acres of artistically landscaped gardens surrounded by a majestic forest, spring-fed ponds, streams, waterfalls, and bridge crossings. The seamless integration of nature and artistic design provides a breathtaking canvas for four feature gardens, including the nation's largest Japanese garden. In the spring there are over 20 million daffodils, and the cooler fall weather brings forth varieties of waterlilies. Be sure to visit the gift store and Arbor Café where you can have lunch on your own today.

Tour price of \$71 per person includes deluxe motorcoach transportation, garden admission, and tour guide services.
